

Rickert's Relevance
The ontological nature and epistemological functions of values

Anton C. Zijderveld

Table of Contents

Introduction		
- Rickert revisited		1
- Motives		7
- Rickert's philosophical relevance argued e contrario		9
- Systematic philosophy and heterology		13
- The two neo-Kantian schools		16
- Composition		18
Chapter One	A Bird's-Eye View of Rickert's Philosophy	21
Chapter Two	Critique of Vitalism	
- Irrationalism and intellectualism rejected		29
- Systematic and surrealistic philosophy		30
- Intuitionism and biologism		34
- Darwin, facts and values		39
- Four types of biologism		42
- Biologism beyond Nietzsche		44
- Rickert's critique of biologism		45
- There are no biologicistic values		47
- Life and culture		49
- Vitalism's credit side		50
- Philosophical anthropology and existentialism		53
Chapter Three	Knowledge and Reality	
- Epistemology and ontology		55
- Between Idealism and Empirism		60
- Basic terminology		62
- The subjective (immanent) and the objective (transcendent) path		66
- Knowledge and the subject-object dilemma		68
- The standpoint of immanence		72
- The subject as empty form		73
- Transcendence in the immanent standpoint		77
- Reality as an empty form		80
- The epistemological act		82
- The categorical imperative of judgments		84
- Conclusion		86
Chapter Four	Facts, Values and Meaningful Acts	
- The total and bifocal reality		90
- Facts and values		94
- From relativism to relationism		100
- Being, existing and valid values		104
- Stages of being and validity		109
- The meaning bestowing act		113

	- Neither psychologism nor metaphysics	117
	- The philosophy of culture in outline	119
	- The systematic philosophy of values	129
	- The formal matrix of value development	130
	- The metaphysical principle of full-fulfillment	138
	- Conclusion	140
Chapter Five	The Demarcation of Natural and Cultural Sciences	
	- The Quarrel of the Ancients and the Moderns	143
	- The continuum of sciences	148
	- Analytical matrix	154
	- Nature and culture distinguished ontologically	158
	- Observable and understandable reality	159
	- The generalizing and individualizing methods	161
	- Cultural-Scientific generalization	167
	- Empathic understanding	171
	- Value-relationship, relating to values and abstaining from value-judgments	177
	- Cultural-scientific objectivity	179
	- Causality in Cultural Science	184
	- Conclusion	190
Chapter Six	Rickert's Echo: Applications, Amplifications, Amendments	
	- Introduction	193
	- General philosophy (Georg Simmel)	194
	- Legal Philosophy (Emil Lask, Gustav Radbruch)	200
	- History (Johan Huizinga)	204
	- Sociology (Karl Mannheim, Max Weber)	207
	Conclusion	223
	Dutch Summary	233
