**TO TREAT OR NOT TO TREAT**  
**Biomarker-guided therapy for febrile patients in the emergency department**

Behandelen of niet behandelen  
Biomarker-geleide behandeling van patiënten met koorts op de spoedeisende hulp

**Proefschrift**

ter verkrijging van de graad van doctor aan de  
Erasmus Universiteit Rotterdam  
op gezag van de  
rector magnificus

Prof.dr. R.C.M.E. Engels

en volgens besluit van het College voor Promoties.  
De openbare verdediging zal plaatsvinden op

woensdag 20 juni 2018 om 15:30 uur

door

Yuri van der Does  
geboren te Haaren

## **PROMOTIECOMMISSIE**

Promotoren: Prof. Dr. P. Patka  
Prof. Dr. E.C.M. van Gorp

Overige leden: Prof. Dr. D.A.M.P.J. Gommers  
Prof. Dr. M. Koopmans  
Prof. Dr. J. Meijers

Copromotoren: Dr. P.P.M. Rood  
Dr. M. Limper

## CONTENTS

### GENERAL INTRODUCTION

Chapter 1	Introduction and outline of thesis	11
-----------	------------------------------------	----

### PART I PROCALCITONIN-GUIDED THERAPY

Chapter 2	Procalcitonin-guided therapy in the ED: a systematic review	21
-----------	---	----

Chapter 3	Procalcitonin-guided antibiotic therapy in patients presenting with fever in the emergency department	43
-----------	---	----

Chapter 4	Study protocol: Higher diagnostic accuracy and cost-effectiveness using procalcitonin in the treatment of emergency medicine patients with fever (The HiTEMP study): a multicenter randomized study	57
-----------	---	----

Chapter 5	Procalcitonin-guided antibiotic therapy in patients with fever in a general emergency department population: a multicenter noninferiority randomized clinical trial (HiTEMP study)	73
-----------	--	----

### PART II ADDITIONAL BIOMARKER STRATEGIES

Chapter 6	TRAIL and IP-10 as biomarkers of viral infection in the emergency department	95
-----------	--	----

Chapter 7	Identifying patients with bacterial infections using a combination of biomarkers in the emergency department	109
-----------	--	-----

Chapter 8	Early identification of disease severity using biomarkers in the emergency department	123
-----------	---	-----

### **PART III CONCLUSIONS**

Chapter 9	General discussion	142
Chapter 10	Summary of findings – English	153
Chapter 11	Samenvatting – Nederlands	157

### **APPENDICES**

List of publications	162
Curriculum vitae	163
PhD portfolio	164
Dankwoord	166
