

## Web Appendix 1: GLOBE publications 1991-2013

1. Kamphuis CBM, Turrell G, Giskes K, Mackenbach JP, Lenthe FJ van. Life course socioeconomic conditions, adulthood risk factors and cardiovascular mortality: a 17-year follow up of the GLOBE study. *Int J Cardiology* 2013 (in press).
2. Kamphuis CBM, Turrell G, Giskes K, Mackenbach JP, Lenthe FJ van. Socioeconomic inequalities in CVD mortality: the role of childhood socioeconomic conditions and adulthood risk factors. *BMC Public Health* 2012 (in press).
3. Aarts MJ, Kamphuis CBM, Coebegh JWW, Mackenbach JP, Lenthe FJ van. Educational inequalities in cancer survival: a role for comorbidities and health behaviours? *J Epidemiol Comm Health* 2012 (in press).
4. Tak N, Te Velde S, Kamphuis C, Ball K, Crawford D, Brug J, Lenthe FJ van. Associations between neighbourhood and household environmental variables and fruit consumption: Exploration of mediation by individual cognitions and habit strength in the Globe study. *Public Health Nutr* 2012 (in press).
5. Keizer R, Dykstra P, Lenthe FJ van. Parity and men's mortality risks. *Eur J Public Health* 2012;22:343-47.
6. Huisman M, Van Lenthe FJ, Giskes K, Kamphuis CB, Brug J, Mackenbach JP. Explaining socio-economic inequalities in daily smoking: a social-ecological approach. *Eur J Public Health* 2012;22: 238-243.
7. Lenthe FJ, Avendano M, van Beeck EF, Mackenbach JP. Childhood and adulthood socioeconomic position and the hospital-based incidence of hip fractures after 13 years of follow-up: the role of health behaviours. *J Epidemiol Comm Health* 2012; 22: 238-243.
8. Klijs B, Mackenbach JP, Kunst AE. Future disability projections could be improved by connecting to the theory of a dynamic equilibrium. *J Clin Epidemiol* 2011;64:436-43.
9. Beenackers MA, Kamphuis CB, Burdorf A, Mackenbach JP, van Lenthe FJ. Sports participation, perceived neighborhood safety, and individual cognitions: how do they interact? *IJBNPA* 2011;8(1):76.
10. Klijs B, Mackenbach JP, Kunst AE. Disability occurrence and proximity to death. *Dis Rehab* 2010;32:1733-41.
11. Kamphuis CBM, Mackenbach JP, Giskes K, Huisman M, Brug J, van Lenthe FJ. Why do poor people perceive poor neighbourhoods? The role of objective neighbourhood features and psychosocial factors. *Health & Place* 2010;16:744-54.
12. Klabbers G, Bosma H, Van Lenthe FJ, Kempen GI, Van Eijk JT, Mackenbach JP. The relative contributions of hostility and depressive symptoms to the income gradient in hospital-based incidence of ischaemic heart disease: 12-Year follow-up findings from the GLOBE study. *Soc Sci Med* 2009;69(8):1272-80.

13. Kamphuis CBM, van Lenthe FJ, Giskes K, Huisman M, Brug J, Mackenbach JP. Socioeconomic differences in lack of recreational walking among older adults: the role of neighbourhood and individual factors. *IJBNPA* 2009;6:1.
14. Giskes K, van Lenthe FJ, Kamphuis CB, Huisman M, Brug J, Mackenbach JP. Household and food shopping environments: do they play a role in socioeconomic inequalities in fruit and vegetable consumption? A multilevel study among Dutch adults. *J Epidemiol Community Health* 2009;63(2):113-20.
15. Kluzenaar Y de, Janssen SA, van Lenthe FJ, Miedema HM, Mackenbach JP. Long-term road traffic noise exposure is associated with an increase in morning tiredness. *J Acoust Soc America* 2009;126(2):626-33.
16. Nusselder WJ, Looman CW, Franco OH, Peeters A, Slingerland AS, Mackenbach JP. The relation between non-occupational physical activity and years lived with and without disability. *J Epidemiol Comm Health* 2008;62:823-28.
17. Kamphuis CBM, Van Lenthe FJ, Giskes K, Huisman M, Brug J, Mackenbach JP. Socioeconomic status, environmental and individual factors, and sports participation. *Med Science Sports Exercise* 2008;40(1):71-81.
18. Huisman M, Van Lenthe FJ, Avendano M, Mackenbach J. The contribution of job characteristics to socioeconomic inequalities in incidence of myocardial infarction. *Soc Sci Med* 2008;66:2240-52.
19. Giskes K, van Lenthe FJ, Turrell G, Kamphuis CBM, Brug J, Mackenbach JP. Socioeconomic position at different stages of the life course and its influence on body weight and weight gain in adulthood: a longitudinal study with 13-year follow-up. *Obesity (Silver Spring)* 2008;16(6):1377-81.
20. Kok IM de, Lenthe FJ van, Avendano M, Louwman M, Coebergh JW, Mackenbach JP. Childhood social class and cancer incidence: results of the globe study. *Soc Sci Med* 2008;66:1131-9.
21. Lenthe FJ van, Martikainen P, Mackenbach JP. Neighbourhood inequalities in health and health-related behaviour: results of selective migration? *Health & Place* 2007;13(1):123-37.
22. Slingerland AS, van Lenthe FJ, Jukema JW, Kamphuis CB, Looman C, Giskes K, et al. Aging, retirement, and changes in physical activity: prospective cohort findings from the GLOBE study. *Am J Epidemiology* 2007;165(12):1356-63.
23. Kamphuis CBM, van Lenthe FJ, Giskes K, Brug J, Mackenbach JP. Perceived environmental determinants of physical activity and fruit and vegetable consumption among high and low socioeconomic groups in the Netherlands. *Health & Place* 2007;13(2):493-503.
24. Huisman M, van Lenthe FJ, Mackenbach J. The predictive ability of self-assessed health for mortality in different educational groups. *Int J Epidemiology* 2007;36(6):1207-13.

25. Lenthe FJ van, Mackenbach JP. Neighbourhood and individual socioeconomic inequalities in smoking: the role of physical neighbourhood stressors. *J Epidemiol Comm Health* 2006;60:699-705.
26. Nusselder WJ, Looman CW, Mackenbach JP. The level and time course of disability: trajectories of disability in adults and young elderly. *Disability and rehabilitation* 2006;28(16):1015-26.
27. Nusselder W, Peeters A. Successful aging: measuring the years lived with functional loss. *J Epidemiol Comm Health* 2006;60:448-55.
28. Monden CW, van Lenthe FJ, Mackenbach JP. A simultaneous analysis of neighbourhood and childhood socio-economic environment with self-assessed health and health-related behaviours. *Health & Place* 2006;12(4):394-403.
29. Giskes K, van Lenthe FJ, Turrell G, Brug J, Mackenbach JP. Smokers living in deprived areas are less likely to quit: a longitudinal follow-up. *Tobacco control* 2006;15(6):485-8.
30. Giskes K, Turrell G, van Lenthe FJ, Brug J, Mackenbach JP. A multilevel study of socio-economic inequalities in food choice behaviour and dietary intake among the Dutch population: the GLOBE study. *Public Health Nutrition* 2006;9(1):75-83.
31. Lenthe FJ van, Brug J, Mackenbach JP. Neighbourhood inequalities in physical inactivity: the role of neighbourhood attractiveness, proximity to local facilities and safety in the Netherlands. *Soc Sci Med* 2005;60(4):763-75.
32. Simon JG, De Boer JB, Joung IM, Bosma H, Mackenbach JP. How is your health in general? A qualitative study on self-assessed health. *Eur J Public Health* 2005;15(2):200-8.
33. Nusselder WJ, Looman CW, Mackenbach JP. Nondisease factors affected trajectories of disability in a prospective study. *J Clin Epidemiology* 2005;58(5):484-94.
34. Koster A, Bosma H, Lenthe FJ van, Kempen GI, Mackenbach JP, van Eijk JT. The role of psychosocial factors in explaining socio-economic differences in mobility decline in a chronically ill population: results from the GLOBE study. *Soc Sci Med* 2005;61(1):123-32.
35. Oort FV van, Lenthe FJ van, Mackenbach JP. Cooccurrence of lifestyle risk factors and the explanation of education inequalities in mortality: results from the GLOBE study. *Prev Med* 2004;39(6):1126-34.
36. Lenthe FJ van, van Beeck EF, Gevers E, Mackenbach JP. Education was associated with injuries requiring hospital admission. *J Clin Epidemiol* 2004;57(9):945-53.
37. Lenthe FJ van, Schrijvers CTM, Droomers M, Joung IM, Louwman MJ, Mackenbach JP. Investigating explanations of socio-economic inequalities in health: the Dutch GLOBE study. *Eur J Public Health* 2004;14(1):63-70.
38. Louwman WJ, Lenthe FJ van, Coebergh JW, Mackenbach JP. Behaviour partly explains educational differences in cancer incidence in the south-eastern Netherlands: the longitudinal GLOBE study. *Eur J Cancer Prev* 2004;13(2):119-25.

39. Koster A, Bosma H, Kempen GI, Lenthe FJ van, van Eijk JT, Mackenbach JP. Socioeconomic inequalities in mobility decline in chronic disease groups (asthma/COPD, heart disease, diabetes mellitus, low back pain): only a minor role for disease severity and comorbidity. *J Epidemiol Comm Health* 2004;58(10):862-9.
40. Giskes K, Lenthe FJ van, Brug H, Mackenbach JP. Dietary intakes of adults in the Netherlands by childhood and adulthood socioeconomic position. *Eur J Clin Nutr* 2004;58(6):871-80.
41. Droomers M, Schrijvers CT, Mackenbach JP. Educational differences in the intention to stop smoking: explanations based on the Theory of Planned Behaviour. *Eur J Public Health* 2004;14(2):194-8.
42. Droomers M, Schrijvers CT, Mackenbach JP. Educational differences in starting excessive alcohol consumption: explanations from the longitudinal GLOBE study. *Soc Sci Med* 2004;58(10):2023-33.
43. Lenthe FJ van, Mackenbach JP. Neighbourhood deprivation and overweight: the GLOBE study. *Int J Obesity* 2002;26(2):234-40.
44. Lenthe FJ van, Gevers E, Joung IM, Bosma H, Mackenbach JP. Material and behavioral factors in the explanation of educational differences in incidence of acute myocardial infarction: the Globe study. *Ann Epidem* 2002;12(8):535-42.
45. Schrijvers CT, Bosma H, Mackenbach JP. Hostility and the educational gradient in health. The mediating role of health-related behaviours. *Eur J Public Health* 2002;12(2):110-6.
46. Mackenbach JP, Simon JG, Looman CW, Joung IM. Self-assessed health and mortality: could psychosocial factors explain the association? *Int J Epidem* 2002;31(6):1162-8.
47. Droomers M, Schrijvers CT, Mackenbach JP. Why do lower educated people continue smoking? Explanations from the longitudinal GLOBE study. *Health psychology* 2002;21(3):263-72.
48. Mackenbach JP, Borsboom GJ, Nusselder WJ, Looman CW, Schrijvers CT. Determinants of levels and changes of physical functioning in chronically ill persons: results from the GLOBE Study. *J Epidemiol Comm Health* 2001;55:631-38.
49. Droomers M, Schrijvers CT, Mackenbach JP. Educational level and decreases in leisure time physical activity: predictors from the longitudinal GLOBE study. *J Epidemiol Comm Health* 2001;55(8):562-8.
50. Lenthe FJ, Droomers M, Schrijvers CT, Mackenbach JP. Socio-demographic variables and 6 year change in body mass index: longitudinal results from the GLOBE study. *Int J Obesity* 2000;24(8):1077-84.
51. Simon JG, van de Mheen H, van der Meer JB, Mackenbach JP. Socioeconomic differences in self-assessed health in a chronically ill population: the role of different health aspects. *J Behav Med* 2000;23(5):399-420.

52. San Jose B, van Oers JA, van de Mheen H, Garretsen HF, Mackenbach JP. Drinking patterns and health outcomes: occasional versus regular drinking. *Addiction* 2000;95(6):865-72.
53. San José B, Mheen Hvd, Oers JA, Mackenbach JP, Garretsen HF. Adverse working conditions and alcohol use in men and women. *Alcohol Clin Exp Res* 2000;24:1207-13.
54. Nusselder WJ, Looman CW, Marang-van de Mheen PJ, Van de Mheen H, Mackenbach JP. Smoking and the compression of morbidity. *J Epidem Comm Health* 2000;54:566-74.
55. Jose BS, van Oers HA, van de Mheen HD, Garretsen HF, Mackenbach JP. Stressors and alcohol consumption. *Alcohol Alcohol* 2000;35(3):307-12.
56. Meer JB van der, Mackenbach JP. The care and course of diabetes: differences according to level of education. *Health Policy* 1999;46(2):127-41.
57. Mheen H van de, Stronks K, Schrijvers CT, Mackenbach JP. The influence of adult ill health on occupational class mobility and mobility out of and into employment in the The Netherlands. *Soc Sci Med* 1999;49(4):509-18.
58. Schrijvers CT, Stronks K, van de Mheen HD, Mackenbach JP. Explaining educational differences in mortality: the role of behavioral and material factors. *Am J Public Health* 1999;89(4):535-40.
59. San Jose B, van de Mheen H, van Oers JA, Mackenbach JP, Garretsen HF. The U-shaped curve: various health measures and alcohol drinking patterns. *J Stud Alcohol* 1999;60(6):725-31.
60. Droomers M, Schrijvers CT, Stronks K, van de Mheen D, Mackenbach JP. Educational differences in excessive alcohol consumption: the role of psychosocial and material stressors. *Prev Med* 1999;29(1):1-10.
61. Bosma H, van de Mheen HD, Mackenbach JP. Social class in childhood and general health in adulthood: questionnaire study of contribution of psychological attributes. *BMJ* 1999;318(7175):18-22.
62. Bosma H, Schrijvers C, Mackenbach JP. Socioeconomic inequalities in mortality and importance of perceived control: cohort study. *BMJ* 1999;319(7223):1469-70.
63. Verheij RA, van de Mheen HD, de Bakker DH, Groenewegen PP, Mackenbach JP. Urban-rural variations in health in The Netherlands: does selective migration play a part? *J Epidemiol Community Health* 1998;52(8):487-93.
64. Meer JB van der, Mackenbach JP. Low education, high GP consultation rates: the effect of psychosocial factors. *J Psychosom Res* 1998;44(5):587-97.
65. Meer JB van der, Mackenbach JP. Course of health status among chronically ill persons: differentials according to level of education. *J Clin Epidem* 1998;51(3):171-9.
66. Mheen H van de, Stronks K, Looman CW, Mackenbach JP. Does childhood socioeconomic status influence adult health through behavioural factors? *Int J Epidemiol* 1998;27(3):431-7.

67. Mheen H van de , Stronks K, Looman CW, Mackenbach JP. Role of childhood health in the explanation of socioeconomic inequalities in early adult health. *J Epidemiol Comm Health* 1998;52(1):15-9.
68. Stronks K, van de Mheen HD, Mackenbach JP. A higher prevalence of health problems in low income groups: does it reflect relative deprivation? *J Epidemiol Comm Health* 1998;52(9):548-57.
69. Stronks K, van de Mheen H, Looman CW, Mackenbach JP. The importance of psychosocial stressors for socio-economic inequalities in perceived health. *Soc Sci Med* 1998;46(4-5):611-23.
70. Schrijvers CT, van de Mheen HD, Stronks K, Mackenbach JP. Socioeconomic inequalities in health in the working population: the contribution of working conditions. *Int J Epidemiology* 1998;27(6):1011-8.
